SUMMARY

Motivated MCA student with a strong interest in Data Analytics, Python Programming, and Business Intelligence. Skilled in Power BI, Advanced Excel, MySQL, Pandas, and NumPy. Experienced in data analysis, visualization, and reporting through academic projects. Passionate about transforming data into meaningful insights and continuously learning new technologies.

PROJECT EXPERIENCE

OLX Car Sales Analysis–Power BI

Github: <https://lnkd.in/dwvskJsM>

- Cleaned and transformed data with Power Query (removing duplicates, filtering data, handling missing values).
- Used DAX to create calculated columns and measures (e.g., average price trends, price-to-age ratios).

Attendance Management–Advance Excel

Github: <https://lnkd.in/dQpTaWP5>

- Developed an automated Attendance Management System in Excel using formulas, pivot tables, and data validation.
- Streamlined processes to reduce errors, boost productivity, and provide accurate, automated reporting.

Website Connectivity–Python,HTML,CSS

Github: <https://lnkd.in/dVyKmGud>

- Developed a fully functional restaurant website, integrating Python for backend functionality and HTML/CSS for a responsive frontend design.
- Implemented seamless user interaction features, including online menu browsing, reservation system, and contact forms, enhancing customer engagement.

EDUCATION

B.SC COMPUTER SCIENCE

2021 2024

Government Arts And Science College
komarapalayam

- Periyar University

MCA – MASTER OF COMPUTER APPLICATION

2025 2027

Rvs College Of Engineering And Technology
Coimbatore

- Anna University

KEY SKILLS

- Power BI
- Python
- Numpy
- Pandas
- Advance Excel
- MySQL
- Git Hub
- Git
